

## **Registration Form for WFC Youth Working Committee**

### **Personal Info.**

Name: Likun-Jiang

Title: Associate professor/Master's Supervisor

Affiliation: Qilu University of Technology

### **Research Interest**

Wear-resistant and heat-resistant metal materials

### **Main Achievements (<200 words)**

I am mainly engaged in the research and application of new heat-resistant and wear-resistant metal materials. I have undertaken 6 natural science foundation projects in Shandong Province. At the same time, I have participated in and completed more than 20 provincial-level scientific research projects, including the Shandong Provincial Science and Technology Development Plan and Shandong Provincial Key R&D Projects. I have won three municipal level or above science and technology awards, published more than 20 papers, and been granted eight national invention patents.
